

Nomic realism, simplicity, and the simplicity bubble effect

Felipe S. Abrahão^{1, 2, 3, 5} Raoni Arroyo^{4, 5}

Third Graduate Conference of the Italian Network for the Philosophy of Mathematics – FilMat
January 12, 2024

¹Oxford Immune Algorithmics, Oxford University Innovation. University of Oxford. UK.

Support: grant #2023/05593-1, São Paulo Research Foundation (FAPESP)

²Data Extreme Lab, National Laboratory for Scientific Computing. Brazil.

³Algorithmic Nature Group, Laboratoire de Recherche Scientifique (LABORES) for the Natural and Digital Sciences. France.

⁴Roma Tre University, Department of Philosophy, Communication, and Performing Arts

Support: grant #2022/15992-8, São Paulo Research Foundation (FAPESP).

⁵Centre for Logic, Epistemology and the History of Science. University of Campinas. Brazil.

arXiv:2310.17035
